Chiang Rai: City of Wellness 2025

- Massage & Spa
- Healthcare & Rehabilitation
- Onsen & Hot Springs
- Hotels, Resorts & Spas
- Healthy Restaurants

Chiang Rai is a leading wellness tourism destination, distinguished by its natural resources, local culture and nationally and internationally recognized health service standards. It offers relaxation, physical recovery and holistic well-being amid mountains, forests and the peaceful Lanna way of life.

The province offers hot springs and natural onsen fed by geothermal energy. These mineral-rich waters help relax muscles, stimulate circulation and restore the body. Many sites have developed facilities and raised their service standards while preserving the value of high-quality mineral water. Establishments receiving Nuad Thai Awards and Gold-level Thai World Class Spa Awards demonstrate service quality, expertise and the preservation of local wisdom that has earned genuine recognition.

Chiang Rai also has hospitals, rehabilitation facilities and healthcare-category Wellness Centers providing comprehensive care, from physical rehabilitation and care for older people to preventive health promotion. Medical professionals, technology and medical innovation are combined with peaceful natural surroundings and relaxation. Its hotels, resorts and spas give priority to health and the environment. Many have received Green Health Hotel awards, reflecting environmentally friendly operations, sustainable resource use and surroundings conducive to genuine restoration.

Health care also extends to balanced nutrition. Chiang Rai has healthy restaurants and food businesses meeting SAN standards and the restaurant-category Wellness Center standard. They select safe, clean ingredients and offer healthy dishes in keeping with integrated wellness tourism.

With its natural resources, establishment standards and diverse health services, Chiang Rai is a wellness destination that meets the needs of relaxation, recovery and sustainably improved quality of life in the region.

Healthy Restaurants

Healthy food restaurant

Chiang Rai has a growing, sustainable organic farming network. Local farmers grow crops, vegetables and fruit and produce organic goods that are safe for consumers and the environment. Visiting its farms and healthy restaurants offers more than good food and well-being: it is also a chance to learn about sustainable living and get truly close to nature.
